

FUSION19

User Conference

Oct 6-9, 2019 San Antonio

The following agenda represents educational sessions for SmartDistributor (SD), Navigator (DNav) and K8. Choose from a wide variety of breakout session topics specifically focused on leveraging your technology investment in our solutions to improve your company's operations. These sessions were designed with your needs in mind and offer something for everyone!

The agenda is color coded to help you navigate the user conference but you are not required to attend sessions specific to your software. We encourage you to attend any session of interest to you to ensure you get the most out of FUSION19.

- Magenta represents general sessions focused on all users.
- Purple represents sessions focused on Navigator (DNav).
- Cyan represents sessions focused on SmartDistributor (SD).
- Orange represents sessions focused on K8.

Color coding is just a guide. Attend any session of interest to you. **Please note that the agenda is subject to change.**
