TASTE/SCENT

FRUITY GRAPE BERRY TROPICAL

DESCRIPTION

Bred by Archive Seeds, the true breeder of this strain, Slurricane crosses the breeder selected cut of Dosido and Purple Punch. This pungent, indica-dominant hybrid's terpene profile pushes heavy aromas of creamy OG with undertones of tropical blueberries.

PARENT #1: Dosido

Indica-Dominant Hybrid

Breeder: Archive Seeds

Lineage: OGKB x Face/Off OG

Dosido #22 is an indica-dominant hybrid strain created through uniting OGKB with a Face/Off OG varietal. Inspired by the popular cookie, this strain also takes its inspiration from mint chocolate chip ice cream which is noted in the flavor-profile. Dosido #22 flower presents conical olive green buds and a fragrant resin that coats each trichome.

PARENT #2: Purple Punch

Indica-Dominant Hybrid

Breeder: Supernova Gardens

Lineage: Larry OG x Granddaddy Purple

Purple Punch is the sweet and sedating union of two indica-dominant classics. By breeding Larry OG with Granddaddy Purple, the astonishing trichome laden Purple Punch was born. Purple Punch's flavor consists of notes of grape candy, blueberry muffins, and tart. This classic indica packs powerful cerebral and physical effects marked by sedation, relaxation and creativity.
