ABOUT ME

Indica-Dominant Hybrid

Breeder: Unknown (Not DJ Short)

TASTE/SCENT

BERRY **BLUEBERRY** **SWEET** **VANILLA**

DESCRIPTION

Blueberry is an indica-dominant hybrid strain. This bud has been traced back to the early 70's when the famous American breeder DJ Short started experimenting with different landrace strains. Although our genetics are not quite the same as the DJ Short genetics, this cut is just as potent and desirable. Blueberry is thought to be descended from Afghani x Thai landrace strains, and is one of the most popular strains on the market. Blueberry took home the 2000 Best Indica award at the High Times' Cannabis Cup thanks to its high-powered effects and blueberry vanilla flavor.

PARENT #1: AFGHANI

Indica

Breeder: Landrace

Lineage: Landrace

Afghani is a heavy indica strain named after its geographic origin, where the earliest varieties of cannabis are believed to have grown. Breeders worldwide have come to treasure Afghani for its heavy resin production which is passed on genetically. With a sweet, earthy aroma, Afghani delivers a deep, sedating relaxation and euphoria.

PARENT #2: THAI

Sativa

Breeder: Landrace

Lineage: Landrace

Thai refers to a cannabis variety that grows natively in Thailand and was brought to the U.S. in the 70s and 80s. This pure sativa landrace is sometimes called "Thai Sticks" because of the way its buds are traditionally dried and tied into long sticks.
