

Trinitas Christian School

A Classical and Christ-Centered Education

COVID19 Adjustments to Schedule and Instruction

Dear Trinitas parents,

Because of the vast uncertainty surrounding the spread of Corona virus and subsequent COVID19, Trinitas is complying with the guidance of the Florida Department of Education to close all Florida K-12 campuses through April 15.

All school related events, including extra-curricular events, are postponed or cancelled; however, Trinitas had been preparing for the likelihood of this closure and therefore transitioned to remote learning on March 18. Remote instruction will continue through April 15, at least. Updates to that schedule will be posted here and elsewhere.

In no way does remote learning, distance learning, or virtual learning replace the master-disciple relationship that happens in a classical Christian classroom. As they say, however, “Extreme times call for extreme measures.” It is the intention of Trinitas Christian school to “redeem the time” we would have lost to COVID19 in the best way possible during the weeks ahead. We aim to see our students as prepared as possible to enter the next grade, and we aim to show the department of education that learning has continued for Trinitas students.

God is sovereign. He is not surprised by this latest edition of Corona virus, nor has He forgotten or forsaken His children. Let us trust Him and take each next step in faith.
