Empower Remote Employees with Microsoft Teams

Join the 13 million people already using Teams daily

There is an unprecedented increase in remote work happening around the world due to circumstances resulting from COVID-19 (Coronavirus disease). If you are implementing new remote employee practices or are expecting an increase in demand, Heartland Business Systems (HBS) will help you unlock tools that make it easy for your staff to work, share, chat, and achieve more while working remote.

Microsoft Teams Rapid Implementation

Microsoft Teams is the collaboration tool that enables teamwork at all levels of your organization. Using a structured approach and best practices, HBS can get your organization up and running with Microsoft Teams in a few days or less. This Rapid Implementation can seamlessly integrate with an existing Office 365 environment or provide quick access to a free, six-month Microsoft Teams trial.
