# Help keep your business clean with a sanitizer reminder

## Introducing a new mat that reminds your visitors to sanitize their hands

Using hand sanitizer that contains at least 60% alcohol is one of the most important steps you can take to avoid getting sick and spreading germs to those around you.\* Promote good hand hygiene in your facility with a friendly reminder on a Cintas "Sanitize Your Hands" mat. These mats provide a helpful message to encourage employees and visitors to sanitize their hands. Additionally, these mats help protect your floor surfaces.

Let Cintas help you keep your business **ready**™ with routine service visits. Each week, your dirty mats are collected and replaced with clean, professionally laundered ones so you can stay focused on running your business.
