The Town Dock Makes Fastest Growing Company List

America's calamari leader recognized as one of Rhode Island's fastest growing companies.

NARRAGANSETT, RHODE ISLAND – September 7, 2018 – The Town Dock is pleased to announce it was recently named a **2018 Fastest Growing Company in Rhode Island** in the \$75 million and above revenue category. The annual list is compiled by *Providence Business News*, and all private companies in Rhode Island and Bristol County, MA are eligible for consideration.

Five finalists with the highest percentage-growth in revenue from 2015 – 2017 were selected in each of four revenue categories: \$250,000 to \$5 million, \$5 million to \$25 million, \$25 million to \$75 million and \$75 million and above.

“The growth we have experienced over the past three years is evidence that a great team working together will yield great results,” said Ryan Clark, The Town Dock CEO. “This recognition would not be possible without everyone pulling together to continually drive us toward our goals.”

The final rankings in each of the revenue categories will be revealed at an awards banquet on September 25, 2018 at the Crowne Plaza Providence-Warwick, along with 13 enterprises chosen among the state's most innovative companies.

For a complete list of finalists in the 2018 Fastest Growing Companies, visit PBN.com or for more information about The Town Dock, contact Patrick Maness via [email](mailto:pmaness@towndock.com) or at 401-789-2200.

About The Town Dock

Located on the water in Point Judith, Rhode Island, The Town Dock is a vertically integrated seafood company specializing in supplying its customers with the world's finest calamari. With a waterfront location, exceptional global partnerships, and a dedicated fleet of fishing vessels, The Town Dock is the largest purchaser of US domestic East Coast squid. From food service distributors to national restaurant and retail chains, The Town Dock calamari is found across the country and the world.
