

Tyler Bell
Vice President, Product Management

Tyler is responsible for product management at ActiveVideo. Throughout his career, he has focused on company growth via strategic product development, and tactical delivery of products incorporating emergent and novel technologies.

Prior to joining ActiveVideo, Tyler was the product lead for voice technologies at Roku; the product lead at Mapbox; and vice president of product at Factual in Los Angeles, where he shaped the company's initiatives in mobile location, geo technology, and audience targeting.

Tyler received his PhD from the University of Oxford and is a former archaeologist of Late Roman and Early Medieval England.
