

800 North Main Street, Mansfield, Ohio 44902

Subject: NACE MR0175
Date: December 18, 2014

To whom it may concern:

Sandpiper metallic pumps equipped with any combination of Aluminum, Stainless Steel or Hastelloy castings comply with the requirements set forth in NACE MR0175/ISO15156-1, Petroleum and natural gas industries – Materials for use in H₂S-containing environments in oil and gas production. Cast iron is not compliant, and non-metallic components are outside the scope of the standard.

Best regards,

A handwritten signature in black ink that reads "David Roseberry". The signature is written in a cursive, flowing style.
