Scholarship Management

Award the right candidates
for a brighter future

SmartSimple's end-to-end Scholarship Management system tailors itself to the needs of your program and provides personalized, branded portals for your applicants, administrators, and reviewers. Automate and track all award components in one centralized platform while monitoring scholarship funding metrics to generate dynamic, insightful reports.

What sets us apart

- **Future-proofed flexibility.** Address current and future requirements of your scholarship programs. Our fully configurable platform adapts to your needs as they change, at far less cost.
- **A global solution.** Expand your scholarship and bursary programs with unparalleled multi-language and multi-currency support.
- **Personalized portals.** Empower each and every stakeholder with portals specific to their role in your awards process.
- **Automated workflows.** Improve your team's efficiency with dynamic workflows that automate communications, status changes, payments, and other repetitive tasks.
- **Rich integrations.** SmartSimple integrates with your existing databases, including Student Information (SIS), financial, HR, and CRM systems, and offers electronic signatures.

Simplify

Automate tedious and time-consuming tasks with workflows and easily configure portals to the needs of every role, program or department.

Engage

Applicants can intuitively search and apply for awards while staff can seamlessly match the right candidates to the right awards and opportunities.

Impact

Monitor scholarship funding metrics in real-time and generate the insightful reports needed to evaluate the impact of awards.

Powerful, fully configurable features for

Your staff

- Configure intuitive application forms for the unique needs of your programs. Easily organize all of your application data by source, type, status, due date, contact, and any custom field of your choosing.
- Track every dollar awarded while monitoring program budgets, scheduling payments, automating disbursements, and producing robust financial reports.
- Significantly reduce administrative hours in matching the right candidates to the right awards and opportunities.

Your applicants

- Apply for multiple awards and opportunities, monitor the status of their applications, and edit their profile within their Applicant Portal.
- Our Award Matching tool provides applicants with the most relevant scholarship opportunities based on their profile's credentials.

Your reviewers

- By centralizing all candidate information and engagement history into one centralized platform, reviewers can track, manage, and access a 360° view of all application details with ease while cutting down on administrative time.

Your data

- Comprehensive reporting and data visualization tools empower your staff to track all submissions and awards with interactive dashboards, charts, and graphs.
- Build custom reports on all your captured data and create meaningful impact stories for anyone in your organization and beyond.
