## Active Directory Management

## Migration Services Process

For Active Directory (AD), combined with Secure Copy, is the ZeroIMPACT solution to mitigate the risk of consolidating & restructuring your AD & file server infrastructures. Simplify your migration and ensure that users maintain secure access to workstations, resources & email throughout the entire project. With the help of our coexistence capabilities, streamlined project management & business-critical support, you'll be able to overcome:

Evaluation

Pre-installation Planning

Deployment

Post-deployment Support

Business disruptions

Tight timelines

Project complexity

Limited budgets & resources
