About ITESOFT - www.itesoft.com

New developments in personal practices brought by new technologies have also meant major challenges for organizations, particularly in optimizing the client experience, which is key in preserving margins.

ITESOFT solutions help improve process management efficiency and flexibility for organizations, notably for their client-related processes. In addition to increasing productivity through capture and automation, we seek to help our clients design and manage business processes that will strengthen their competitiveness now and in the future by using our software solutions and the customer assistance services offered by ITESOFT and its partners.

ITESOFT's vision is to be a top European reference in secure solutions for omnichannel capture and flexible automation of client and supplier processes.

This hinges on cross-business solutions, innovative R&D that integrates the best technologies, leading technological partners and client business experts.

Thanks to unique know-how established through its research laboratories and programs, ITESOFT enjoys international recognition for the performance, robustness, and innovative nature of its solutions. The company is the leader on the French market.

ITESOFT's reference software suite is Secure Capture & Process Automation - SCPA. This suite is primarily targeted towards client (SCPA for Customers) and supplier (SCPA for Suppliers) management. It incorporates essential components for modelling, managing, steering, and monitoring key processes, from omnichannel capture to automatic application generation.

Adapted to digitize and automate critical processes, ITESOFT solutions process more than one billion documents every year for more than 450 clients of all sizes, in all activity sectors, across 29 countries.

Founded in 1984 and listed on Euronext Paris since February 2001, ITESOFT has offices in Germany, the United Kingdom, and France. The company leverages partnerships in other western European markets (Belgium, Luxembourg, Switzerland), and in Northern Africa, Australia, and Brazil. In 2015, ITESOFT generated consolidated revenue of €23.2 million and had a staff of 215 people.
