Teach English in Barcelona with

International TEFL Academy Barcelona

International TEFL Academy Barcelona and BCN Language Immersion Programs School have come together and developed special packages for interested teachers to get a student visa, take language courses, teach English, and live legally in Barcelona, Spain.

There are two program options outlined below for teachers who wish to obtain a student visa. Student visas allow English teachers to live, travel and teach English in Barcelona for up to 20 hours per week. The student visa is valid for up to one year with the option to renew in Spain only once.

Students interested in either of these programs should apply, pay their deposits, and start the student visa process. The visa must be processed in advance in the student's home country prior to departure. Students who process their visa in advance should start the process, ***at least 4-5 months in advance.***

Processing a Student Visa for Spain in Advance

Anyone interested in obtaining a student visa in advance needs to start the process at least 3 months in advance of when you want to be in Spain.

Check your Spanish Consulate or Embassy in your jurisdiction to research the exact documents and procedure that you must follow (each consulate and embassy has different rules and regulations).

Here is a general outline of the process:

1. Choose your dates, enroll, and pay for the courses. You can apply for your background check and apostille now, too.
2. Collect the paperwork necessary from BCN Language Immersion.
3. Collect the paperwork and documents you need to provide to your consulate in order to receive your student visa (check with your Spanish consulate or Embassy).
4. Make an appointment with your consulate or embassy. Many have online calendars in which you can make an appointment. The appointment should take place approximately between 6 weeks and 3 months before your intended departure.
5. At your appointment, make sure that you have everything ready that you need. You may need to reschedule if anything is incorrect or missing.

Please note that the student visa is not guaranteed. You should have a back-up plan if you are denied the student visa.
