

VENTLESS Combi Ovens

BOILERLESS | ELECTRIC

HOODINI^{***}

BKI Hoodini™

Every kitchen has a limited amount of space for equipment that needs a ventilation system. With the BKI Hoodini™ ventless hood your oven can break free.

This solution is free of consumables. You are not required to buy any filters or call any service companies to change them.

This ventless solution is available on all single stand alone combi ovens from the mini oven models all the way up to the 102 size model.

There are no restrictions on products and recipes that you can cook in these ovens.

Did you know?

You can cook
Whole Chicken
Bacon
Burgers & More
from raw!

The BKI Hoodini™ hood, lets you place your oven just about anywhere. The Hoodini removes smoke, odor, and moisture from the oven cavity. Oven fry bacon or roast chickens and breathe easy.

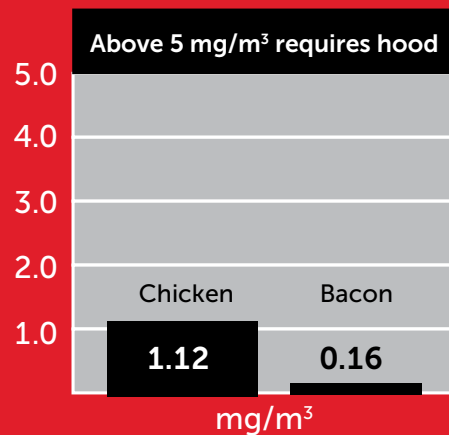

Test Results for CLBKI-6E-H

Raw Chicken - 1.12 mg/m³:

2 whole chickens/pan for a total of 10 chickens per load (5 trays). Bone-in, skin-on for 8-hour period

Raw Bacon - 0.16 mg/m³:

10 strips/pan, for a total of 50 strips per load (5 trays). 8 hour duration

HOW DOES HOODINI WORK?

- 1** Main fan starts and pulls cooking vapors out of oven cavity.
- 2** Heavy particles drop towards the drain. Lighter particles get pulled towards the condenser.
- 3** Vapor gets drawn over the condenser. As it cools, water particles form and drip towards the drain.
- 4** Remaining vapor gets super heated, then passes through the platinum and palladium coated catalytic converter where gases are further reduced to carbon dioxide and water.
- 5** These harmless gases are returned to the oven cavity to start the cycle over again.

Bacon, pepperoni, chicken, no problem, there is so little particulate left in the cavity that cleanup is a snap!

Hoodini™ ventless hood system is the ultimate in ventless hood technology. Hoodini combines a catalytic converter with a condensing system. It removes steam, smoke and fumes even when cooking raw proteins.

- Ventless hood combines catalytic system with condensing system
- Condenser removes steam exhaust
- Catalyst removes smoke and fumes
- Integrated hood - no fire suppression required
- Door is not on timed lock (unlike the competition)
- Not for use with any smoker box

ZERO filters to change
