March 17, 2014

The Parkchester North Condominiums has been working with David Schwartz; owner of DS Magic Tech, LLC d/b/a The Water Scrooge, for the past 18 months. Over that time they have successfully installed their patented water flow control devices in all of our properties, over 3,500 apartments. Through their efforts, The Parkchester North Condominiums has been able to save over 30% on our water and hot water expenses. Water and energy prices have skyrocketed and this has enabled us to control this large expense.

The Water Scrooge staff was courteous, timely, professional and very easy to work with.

I highly recommend The Water Scrooge to all building owners and management companies who are interested in controlling their water and hot water expenses.

Please feel free to call me if you have any questions or concerns.

Sincerely,

Charles Tucci,
General Manager
