OUR MISSION

Members of Young Professionals United are individuals between the ages of 18 and 35 committed to creating positive change in Central Minnesota through volunteerism, advocacy, and philanthropy. As a group of young professionals and emerging leaders, members work with United Way of Central Minnesota to get involved and better the community through a variety of volunteer projects, networking, and professional development opportunities.

PASSION. MOTIVATION. COMMUNITY IMPACT.

United Way of Central Minnesota connects community resources to accelerate community wide solutions creating positive change. Resources are being focused on five goal areas:

- **Early Learning/Early Literacy**
- **Quality Out of School Time**
- **Financial Stability**
- **Homelessness**
- **Access to Food**

We invite you to join us in creating a better, brighter future for Central Minnesota.

"Getting involved in the St. Cloud community as a young professional has given me the opportunity to meet new people, grow personally and professionally, and volunteer my time doing something that I'm passionate about. I highly encourage other young professionals to get out and do something fun for a great cause."

-Britt Vander Eyk,
Young Professionals United Co-Chair

"I've lived in St. Cloud for nearly three years now, and until a little over a year ago I had been looking for the right opportunity to get involved in the community. I was looking for something that would allow me to share my time and talents in a way that would have an impact on the greater St. Cloud community. I got to meet other young professionals in the area, the mission of United Way resonated with me, and the volunteer work we do together makes a difference."

-Bridget Deutz,
Young Professionals
United Co-Chair
