

LIFE PLANNING SEMINAR

Do you know what your Care options are?

- ✓ Qualifying for care services
- ✓ Registering / Applying for these services
- ✓ Costing and Subsidy Levels for these services

Danielle Robertson has worked in the care sector for more than three decades and offers comprehensive knowledge and experience on how the sector works as well as how to obtain the best quality of care for a reasonable price.

In this seminar, Danielle will explain how best to plan ahead for decision making within the complex care system.

She will identify the care options that are available, who will be involved in family discussions and decisions, and how to document wants and wishes in a life plan. You are encouraged to invite any family or friends that assist you with your care decisions to join this seminar.

The session will focus on new developments in home care and innovations available to enable you to remain at home for as long as possible.

The presentation will start at 2pm and run for roughly 45 minutes, once complete the room will be open for questions and discussion. Danielle will stay and join us for informal questions over afternoon tea.
