

TAMCO Shield®

THE SMART WAY TO PAY FOR SECURITY & SURVEILLANCE TECHNOLOGY EQUIPMENT

TAMCO®

What is TAMCO Shield?

Shield is a payment option to procure your technology equipment as a service. That means you pay monthly like a termed rental for your organization's security/surveillance equipment or any other technology solution need. Shield is different than a cash purchase, bank loans, or traditional \$1 buyout lease. It provides customers with more control, flexibility, and protection.

Benefits to Choosing Shield

01. Solution Replacement Guarantee (SRG):

Protect your technology from becoming obsolete. Shield guarantees if your current solution no longer meets your needs for any reason, you can install a new system at any time during the terms of the contract without financial penalty or hidden costs. Your existing contract is completely forgiven.

02. Act of God Coverage:

Life happens; fire, lightning, tornadoes, volcano etc. In the event of a natural disaster, Shield protects you by covering your out of pocket insurance deductible on the damaged equipment.

03. Preferential Accounting Treatment:

Because Shield works as an operating expense (OPEX) it allows for you to preserve cash flow and protect your debt ratios. Use your capital and lines of credit for revenue generating business activities not on depreciating assets like technology. *consult with your accountant for additional information

04. Flexible End of Term Options:

Shield offers a multitude of end of term options. Renew the agreement with or without the SRG intact, return the equipment, or select a new system. Choose what you need, when you need it. Don't worry about predicting today, what you will need in 3-5 years? Unlike other payment options Shield gives you the flexibility to choose at the end of term.

Greatest Value | Lowest Cost

Can your bank offer Shield? Does a cash purchase give you this freedom? Talk to your technology solution provider about Shield, the smart way to pay for technology equipment.

Shield is the perfect way for us to preserve capital, have flexibility to change our security solution without any financial consequence, and keep the transaction off balance sheet.

- TSAY Casino

Our new surveillance system has already solved several felonies. By paying as a service with a manageable monthly payment, we are planning to double our camera installs to further protect our community.
