Oracle Infrastructure  
as a Service

## CARE Improves Field Operations with Oracle Cloud Infrastructure

- CARE's IT team wanted to improve the finance and administrative productivity of its global field staff.
- Get out of the data center business and focus its limited resources on more strategic opportunities.
- Technical Upgrade to FSCM 9.2 in 6 months
- Missing a selective Adoption strategy

**Solution:** Oracle Cloud Infrastructure, Fast Connect, Oracle Database Cloud Service, Oracle Management Cloud
