FastTest Test  
Automation for  
PeopleSoft

# Oracle Cloud Service Offerings

# Problem Statement

**Many people view an analytics projects as expensive, long in duration, challenging to define and difficult to implement.**

## Learning Curve

Classical tools are cumbersome, and come with a steep learning curve

## Business Challenges

### Resource Availability

Hard to carve out time for a 3-6 month project

### Poor Requirements

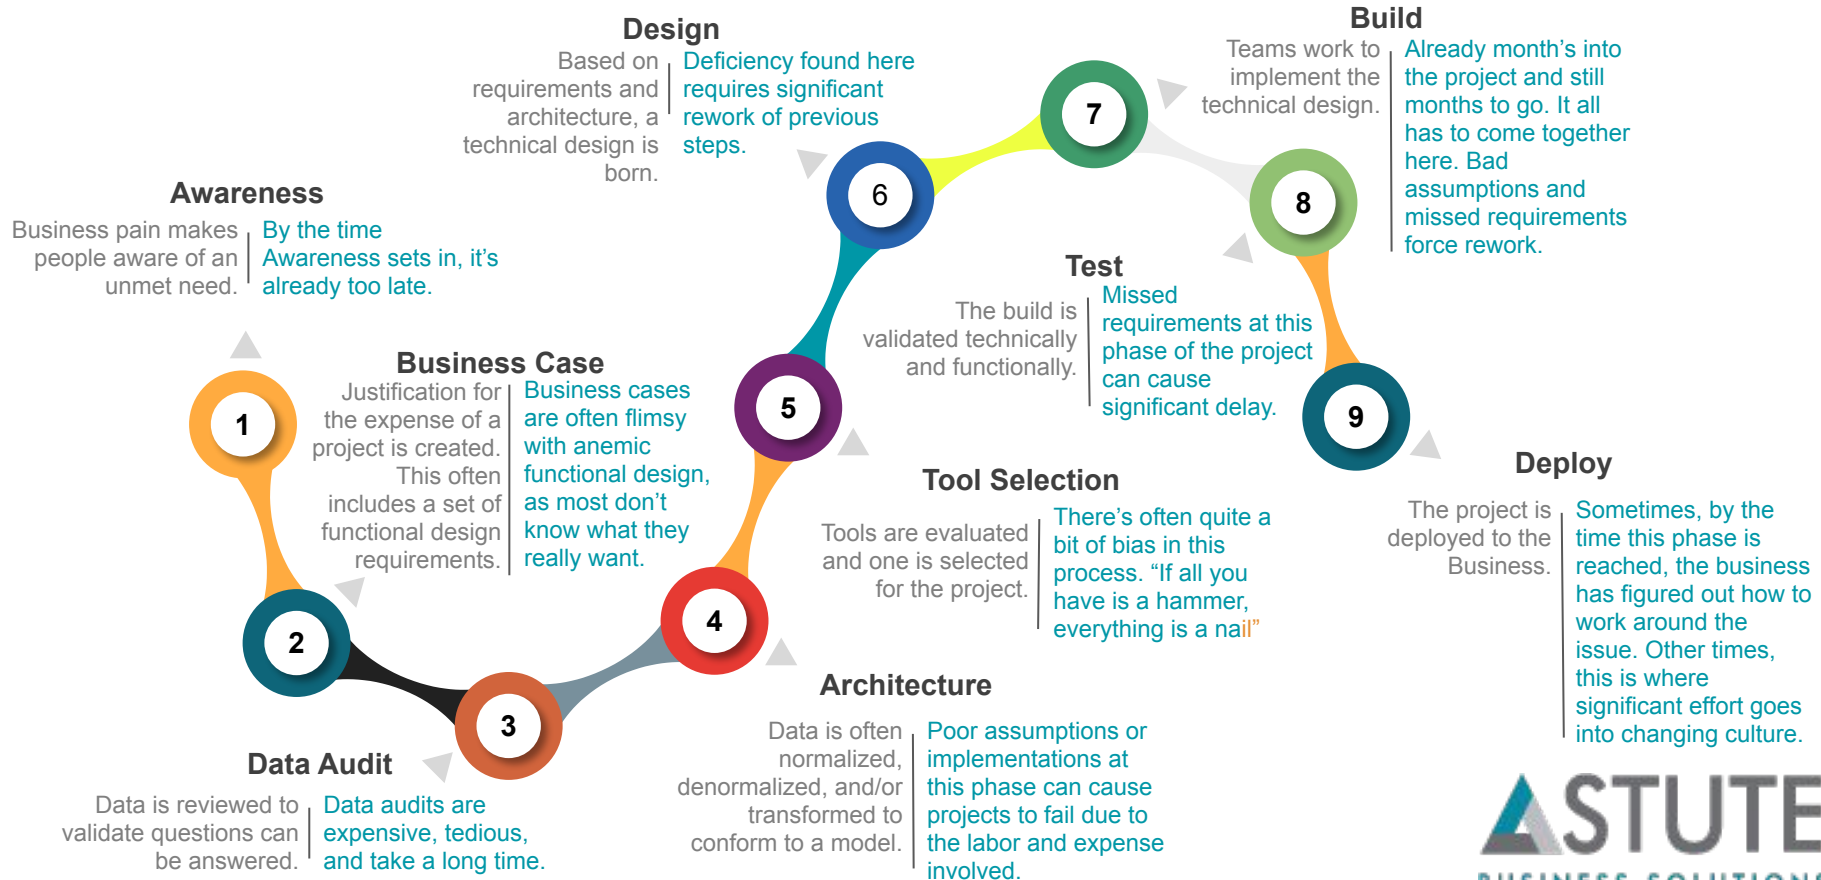

BI results are hard to define up front, often the sponsor claims "I'll know it when I see it."

### Data Availability

Where is the data?  
Who owns it? How is it organized?

# Challenges with the Classical Analytics Journey

# OAC + ADW: The Ideal Analytics Solution

The Oracle logo, consisting of the word "ORACLE" in a bold, red, sans-serif font, with a registered trademark symbol (®) at the end.

## ORACLE ANALYTICS CLOUD

- Self Service Data Discovery
- Augmented Analytics
- Natural Language
- Dashboards
- Mobile First
- Integrated Data Preparation
- Pre-Built Data Connectors
- Secure
- Predictive

The Oracle logo, consisting of the word "ORACLE" in a bold, red, sans-serif font, with a registered trademark symbol (®) at the end.

## AUTONOMOUS DATA WAREHOUSE

- Self-Driving
- Self-Securing
- Self-Repairing
- Designed from the ground up to support Analytics workloads
- Fully Elastic
- Scales on Demand

# OAC Roadblock

## Blank Canvas Syndrome

**“Oracle Analytics Cloud (OAC) sounds nice, it would likely work for us, but we don’t have the time it would take to define our requirements, learn the tool, and build it out.”**

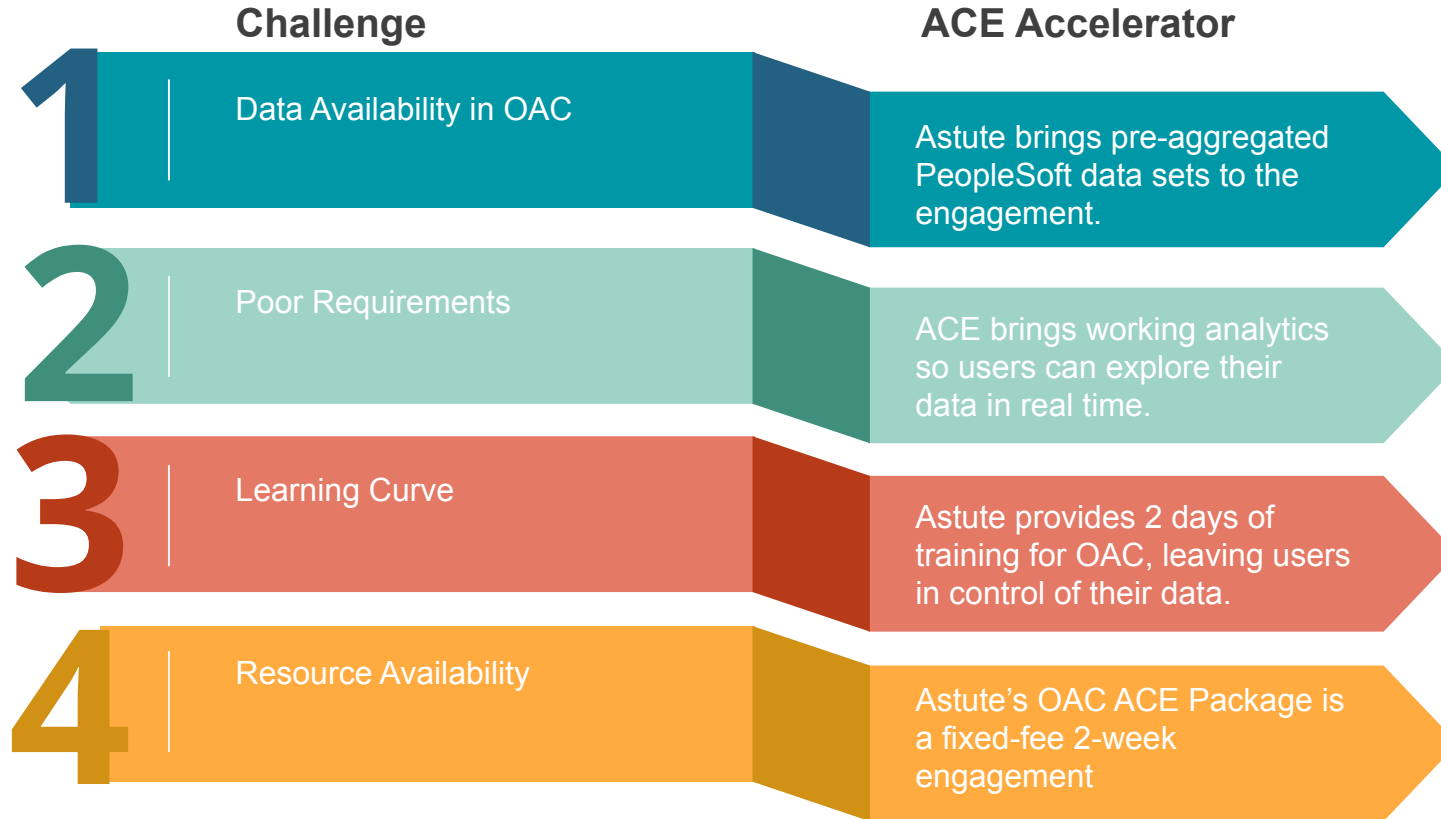

The ACE  
up your  
sleeve

# ACE - Accelerating Time to Value

# Astute's Analytics Cloud Enablement (ACE)

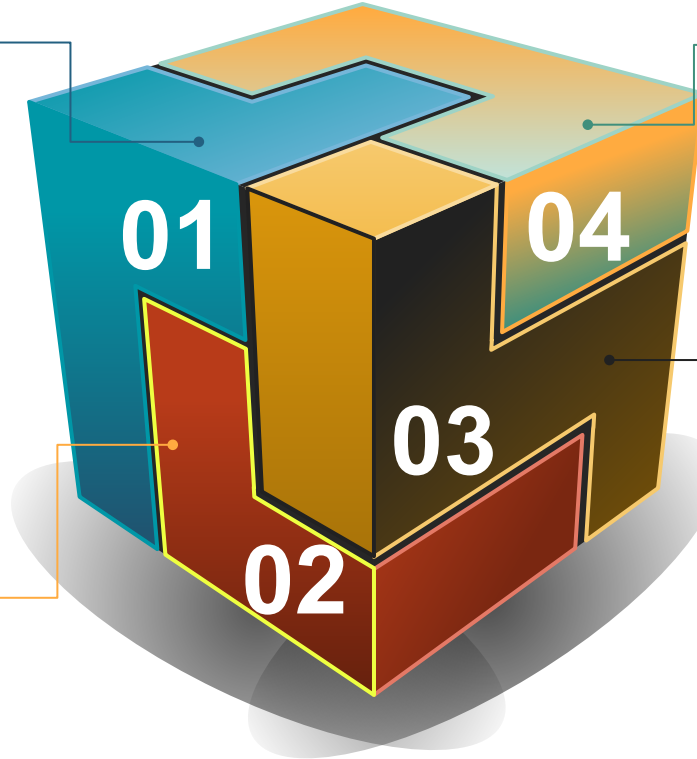

## Plug and Go

Your data in OAC, pre-aggregated by us, ready to use. Once you're plugged in you can immediately play with, for example, procurement analytics!

## Easy to Use

Analytics ready to go allowing you to ask natural language questions such as "how much of my monthly spend is on contract?"

## Training

1 Day on OAC  
1 Day on the data brought by the accelerator itself.

## Extensions

Incremental services to help Customers bring in additional data sources, build new data sets and visualizations

# Candidates for OAC ACE Solutions

- **PeopleSoft Customers - HCM, FSCM, CS, ELM**
  - Running Oracle OBIEE/OBIA, Non-Oracle BI or other Analytics
- **Oracle SaaS Customers - HCM, ERP, CX CS, ELM**
  - Analytics for SaaS (OAX) Implementations and OAX Extensions
- **Oracle Micros Customers**
  - Sales Performance, Store Performance, Product Metrics

# Use Cases for PeopleSoft Analytics

## HR - Hire, Retain, Promote Employees

Identify employees at risk of leaving, impact of termination by department, by role, by performance rating, impact of training and promotion on retention and more

## ERP - Procurement Analytics

On vs. Off contract spend, supplier performance, supplier risk, audit compliance

## ERP - Credit to Cash Analytics

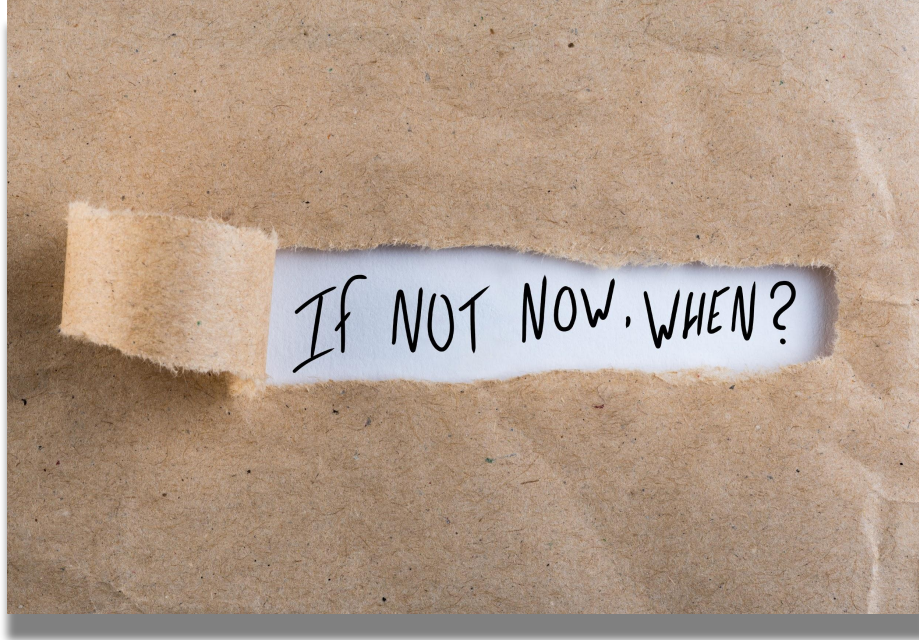

DSO, Bad Debt, Past Due AR, invoicing, payments, collections

## CRM - Sales Analytics

Sales Performance,

# Call to Action

- Take ACE for a Test Drive - Astute will set up your OAC/ADW instance for free with Oracle
- Bring us your Use Cases - Astute will develop or enhance our accelerators for your Use Cases
- Get started with our plug-and-play solutions and extend them
