

# ECO>ABSORB®

NATURE'S IDEAL SPILL MANAGEMENT SOLUTION!

 ECO>ABSORB®

## ***Acid Neutralizer with Color Indicator***

When applied to an acid spill, Eco>Absorb Acid Neutralizer will indicate the acid by turning red. Then as it neutralizes the acid and becomes a safe pH level, the color indicator changes to a natural tan color indicating safe to handle and dispose. It is permanently dust free not like other neutralizers and it is super absorbent making picking up the spill quick and easy leaving absolutely no residue.

- ✓ Color Indicator feature!
- ✓ Immediately Neutralizes Acid Spills
- ✓ 100% permanently dust free technology
- ✓ Leaves absolutely NO residue. No slip/fall hazard

*Eco>Absorb® Acid Neutralizer is ideal for:*

*Commercial & Industrial Spill Stations*

*Large Spill Management Programs*
