# FOAMING COIL CLEANER

## with Bio-Enzymatic Action

Contains natural enzymes for continuous cleaning and breakdown of organic soil contaminants. May be flushed off with water or left on fins without rinsing. Helps maintain optimum unit efficiency. Deodorizes as it cleans, leaving the area with a fresh clean scent.

A portable, non-acid, foam cleaner that blasts deep into air conditioner, heater, refrigeration and dryer coils to loosen and remove grease, dirt, lint and grime.

Just spray evenly over entire coil from air intake side. Dirt and dust simply wash away with condensate. Convenient, portable aerosol features a strong directional spray which penetrates between the fins of the coil.

- BIO-ENZYMATIC ACTION REMOVES STAINS AND ODORS ASSOCIATED WITH MOLD & FUNGUS
- Powerful, thick, clinging foam removes dirt, lint and grease from air conditioner and heater coil fins
- Improves Air Flow and Reduces Energy Consumption
- **Use on:** Radiators, Roof Heating and Cooling Units, Wall & Window Units, Ventilators, Dryers, Ice Machines and Refrigerators
- Spray on Condensate Drain Pans to Clean and Breakdown Organic Soils & Maintain Drain Lines, from Overflow

**Chemex Industries, Inc.**
