

#### DESCRIPTION

**KO-2015** is a powerful cleaning formula capable of removing the toughest graffiti, including enamel. It does not contain amyl acetate or methylene chloride, making this product safer to use compared to other products. Use on almost any hard and non-porous surface including bathroom partitions, phone booths, brick walls, bus stops and seats, desks, wall tile, trains, aluminum siding, road signs, billboards, lockers, lamp posts, concrete, and stainless steel.

Ideal for various businesses and municipal departments such as street and sign crews, rec and park departments, school districts, sports facilities, transportation authorities, and utility and power crews.

Wear eye protection, protective clothing, protective gloves.

**If in eyes:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a doctor, a POISON CENTER.

**WARNING:** This product contains, or may contain, trace quantities of a substance(s) known to the state of California to cause cancer and/or reproductive toxicity.

#### DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

*For industrial and commercial use only.  
For additional information, see Safety Data Sheet.*

# KO-2015

## Removes Paint and Graffiti in One Easy Step

- HIGHLY-EFFECTIVE FORMULA

- DOES NOT CONTAIN  
AMYL ACETATE OR METHYLENE CHLORIDE

### DANGER

**Causes serious eye damage.**

**KEEP OUT OF REACH OF CHILDREN**

**NET CONTENTS: 5 GALLONS**

#### DIRECTIONS

Shake well before using. Gloves are recommended to protect hands from paint and ink residue. Spray **KO-2015** onto surface and lightly scrub in a circular motion to begin dissolving paint and graffiti. Continue to use a clean part of the cleaning rag for best results. Repeat as necessary.

When using on a pre-painted surface, initially test in an inconspicuous area to make sure paint is not removed along with the graffiti. This graffiti remover may attack certain plastics.

#### NFPA® RATINGS

Health: 2; Flammability: 1; Reactivity: 0.
