NO MORE VAPOR

Reduces Hazardous & Flammable Vapors

This vapor-suppressor is designed for use by fire departments, port authorities, sewer treatment plants and municipalities to reduce the fire hazard associated with flammable liquid spills. Its surface-active agent emulsifies and disperses fuels and hydrocarbons with water and significantly reduces the chance of explosions and fire due to combustible vapors. Its formula does not contain alcohol, or petroleum distillates.

Use In:

- Fire Departments
- Port Authorities
- Sewer Treatment Plants
- Municipalities
- Industry

Effective Against:

- Reduces fire hazard and hazards associated with flammable liquid spills.
- Suppresses flammable or combustible vapors.

Features and Benefits:

- Designed for use by fire departments, port authorities, sewer treatment plants, transportation industry and municipalities.
- Reduces fire hazards associated with flammable liquid spills.
- Emulsifies fuels and hydrocarbons with water.

Properties:

Appearance Colorless liquid
 Fragrance..... Detergent
 Ready-to-use Yes
 Specific Gravity 1:01
 Flash point None
 pH..... 6.9 – 7.5
