

Report Number: 593

SILICONE LUBRICANT- SUPER DRY

This is a pure, non-staining super dry, heavy duty, multi-purpose, silicone lubricant. -Safe for use on almost any surface. Heat stable from -40°F to +285°F. -Reduces friction and annoying squeaks in hinges, latches, springs, gears and other mechanisms.

The high silicone formula is excellent for use to prevent corrosion on metal, to reduce friction & wear, quiet moving parts and detail, dress & protect rubber, vinyl & plastic surfaces. -Provides a water & weather-resistant barrier that protects surfaces from corrosion & wear. -Virtually odorless & colorless.

FOR USE BY:

- **Packaging Plants**
- **Garment & Textile Plants**
- **Printing Plants**
- **Molding Operations**
- **General Maintenance Crews**

For Use On:

Conveyors, Ovens, Cutting Tables, Knives, Hinges, Sewing Machines, Scissors, Guide Rails, Slicing Equipment, Heat Sealing Equipment

- Heat Stable from -40° F to +285° F.
- Instantly Drying Pure Silicone Residual Film
- Reduces Friction & Wear
- Can be used as a cleaner and a lubricant
- Treated surfaces repel moisture and are protected against corrosion & wear
- Safe on Plastic

Available in Aerosol Cans and 5-Gallon Pails
