

DESCRIPTION

This product is designed to clean grease, grime, spoiled food, vomit, urine, feces and other organic spills on kitchen and restroom floors. Its unique formula contains selected strains of natural enzyme-producing bacteria. These special strains of bacteria are efficient at digesting organic waste to eliminate waste and odors at their source. Safe to use on all surfaces not harmed by water.

DISPOSAL

Offer empty container for recycling. If recycling is not available, discard container in trash.

*For industrial and commercial use only.
For additional information, see Safety Data Sheet.*
