

Technical Report

SC-100 GRAFFITI REMOVER

SC-100 works extremely well on all hard surfaces, such as lexan, glass, brick, stone, brass, chrome, marble, tile, etc. SC-100 GRAFFITI REMOVER also removes paint, ink, tar, and marking pen from vinyl seats.

Use on: Buses, Trains, Bridges, Road signs, Walls, etc... It can be used on all hard surfaces. Excellent for use to remove scuff marks from racket ball court walls, hockey puck stains on Plexiglas.

SC-100 is a thick clinging gel that provides extended surface contact cleaning time. Cuts quickly through stubborn vandal marks without running. Effective on porous and non-porous surfaces. Removes spray paint, tar, ballpoint pen, ink, markers and more. Safe on block, concrete, stone, tile, metal, baked enamel, oil-based painted surfaces, and reflective coatings on street signs.

- Removes Marks Quickly Without Affecting Most Substrates
- High Solvency
- Thick Clinging Gel
- Works on Porous & Non-Porous Surfaces
- SAFE ON PLASTICS

Directions for Use:

Shake can well. Pretest on hidden area as indicated above. On smooth surfaces, spray directly on surface, allow solvent to react with markings and wipe away. On rough surfaces, spray directly on surface, use brush to remove markings and dry with cloth.
