**Annual maintenance is optional, but highly recommended.** Annual maintenance contracts provide for full technical support, maintenance releases, and future upgrades. AH Formatter Standard licenses come with a complimentary 90 day warranty for maintenance services; Lite licenses do not. Customers can choose to purchase or renew maintenance contracts at any time, but it will be retroactive to when the warranty or maintenance contract expired. Antenna House will notify the reseller ahead of time of upcoming maintenance renewals by sending out renewal quotes.

**Non-Production Server licenses are offered at 30% of the listed prices for Production Server licenses.** Non-Production licenses can only be purchased by customers who own Production licenses and only intended to be used for development, training, staging, testing, etc.
