

# Raydiant with BlueJeans Video Conferencing

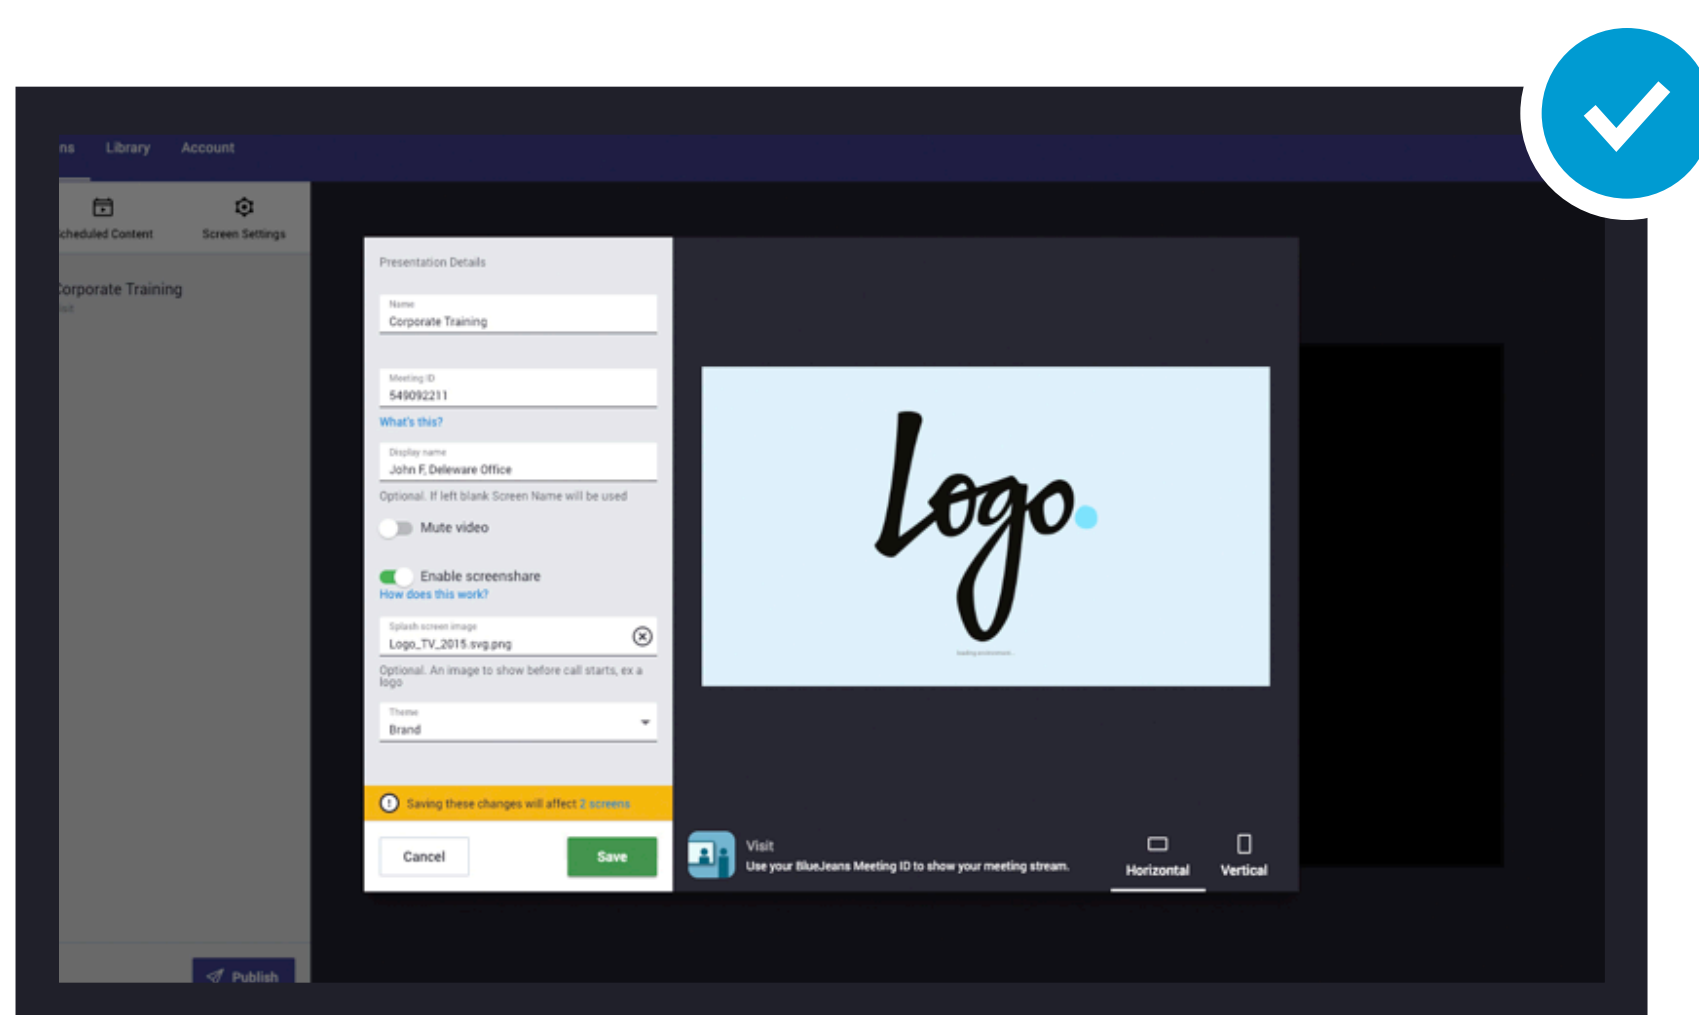

Raydiant Visit brings the power of **BlueJeans** video conferencing to your **Raydiant Screen Signage**. Huddle with employees, visit with guests, conference between locations, or even share your computer screen right onto your Raydiant display without having to juggle devices or figure out your AV system.

## BlueJeans Telepresence Meets Raydiant Television

### 30 SECONDS TO INSTALL

Just plug an approved camera into your ScreenRay, add a BlueJeans Meeting to your Raydiant dashboard, and you're ready to Raydiant Visit.

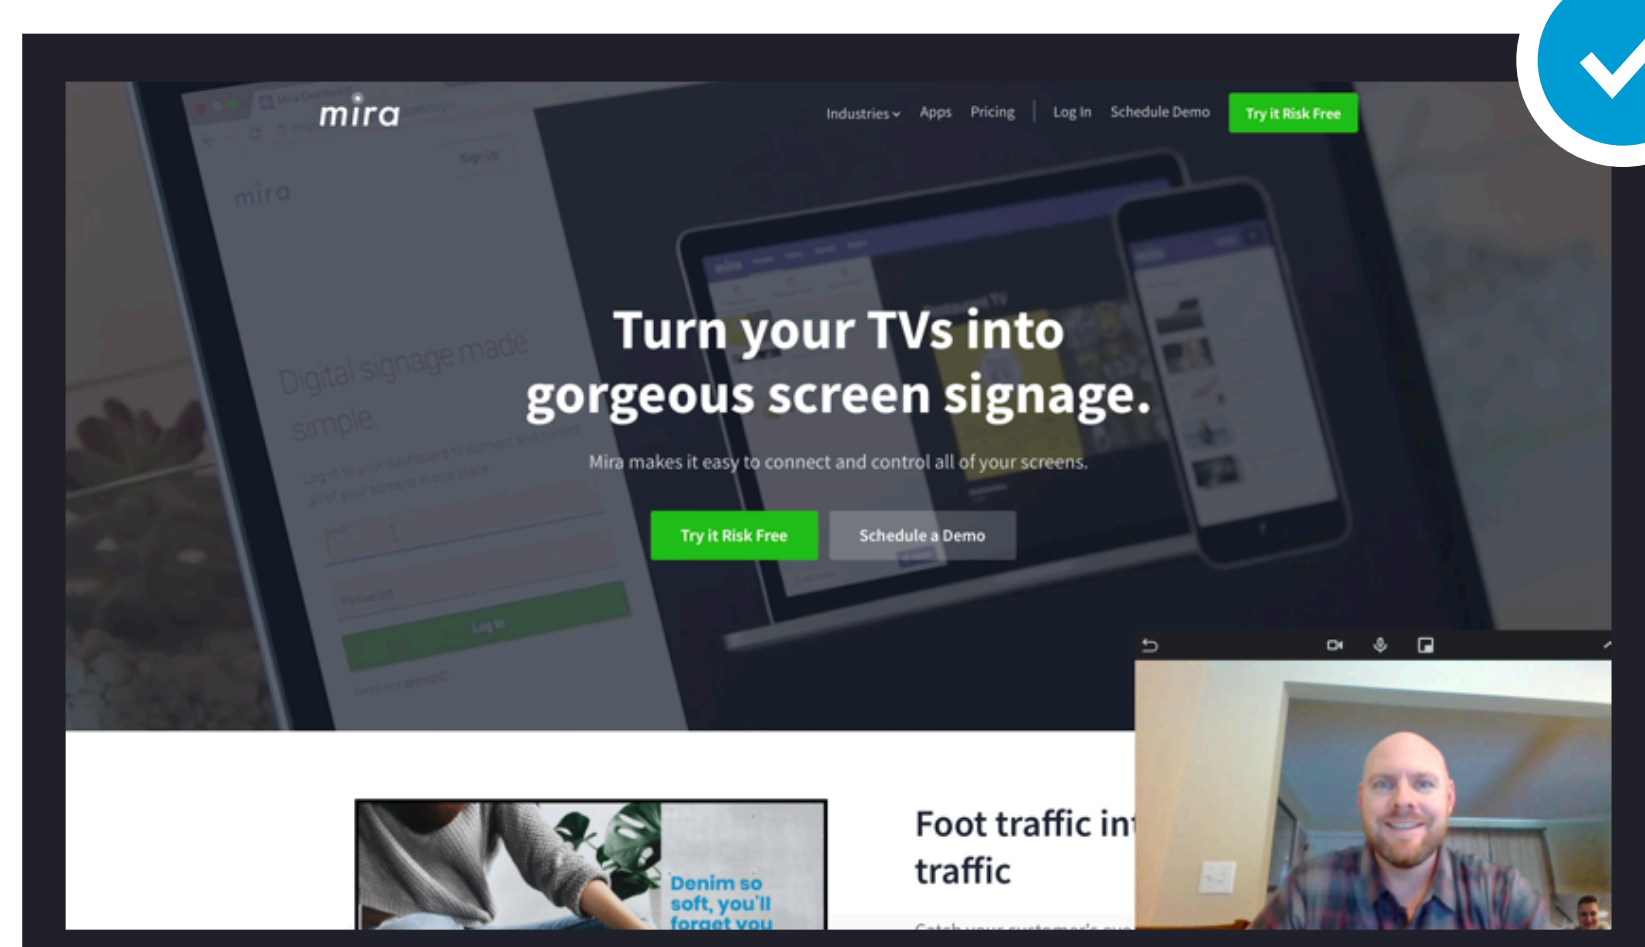

### CENTRALLY MANAGED

Easily manage your Raydiant Visit sessions from your computer or phone.

### WIRELESS SCREEN SHARING

Just share your computer screen to your BlueJeans meeting and watch it magically appear on your Raydiant display.

## Use Cases

### 1 STAFF MEETINGS

Raydiant Visit allows you to seamlessly conference with deckless employees, like those you might find in brick-and-mortar businesses. Remotely visit for one-on-ones, all-hands meetings, or team gatherings.

### 2 EMPLOYEE TRAINING

Organizations spent an average of \$1,252 per employee on training and development initiative according to the Association for Talent Development. Save money by training disparate employees remotely with Raydiant Visit.

## What is a ScreenRay?

ScreenRay is a small HDMI device that transforms any TV into a digital sign. Just plug it into a screen and within moments you'll be publishing content.
