

6 Reasons to Choose Raydiant

1

Rated #1 in Digital Signage by Customers

Raydiant's customer reviews prove that we consistently outperform the competition across categories. Time and again, Raydiant has garnered 5-star customer reviews on top tech review sites like G2 and Capterra, for an overall average rating of 9.3 out of 10 (compared to our competitors' 8.5 average). We have been given top reviews for our system's innovative features, ease of use, simple setup, and quality support.

2

Top-Ranked, US-Based Support Team

Need a reliable system that, when it does need troubleshooting, has a knowledgeable support system ready to assist you? Raydiant digital signage averages a 99.95% uptime, for reliable, robust signage you can count on working through the rigors of commercial use. But when you do need help, our dedicated team of engineers are ready to help, with a client-focused attitude that has given Raydiant top mentions for our support team on customers sites G2 and Capterra.

3

Simple to Install, Easy to Use System

Get same-day digital signage with Raydiant's plug-and-play hardware. Simply plug it into the HDMI port of your TV, follow the on-screen prompts for setup, and you're ready to create gorgeous digital signs in a matter of minutes. And Raydiant's intuitive design, comprehensive library of online how-to guides, and thousands of digital templates give customers everything they need to start creating designer-level digital signage right away. No wonder our customers consistently give us top reviews for ease of installation and use.

4

Robust Hardware and Innovative Software

Raydiant's system uses business-grade hardware, meaning that it was built for the commercial environment. Our hardware comes with lifetime support, and a promise of replacement (at no charge) if needed. Raydiant also uses its own software, which is constantly being evolved and updated for an improved customer experience, making it less vulnerable to cybersecurity leaks and viruses.

5

Integration Partners Offer Expanded Capabilities

Strategic partnerships with top app companies allow Raydiant to offer customers expanded capabilities with their digital signage system. Play custom playlists with Soundtrack Your Brand, create stunning digital posters and videos with PosterMyWall, connect with employees and customers through BlueJeans video conferencing, and easily keep all your online menus up to date with SinglePlatform.

6

LTE Option Exclusive to Raydiant Customers

Raydiant's partnership with T-Mobile® allows us to offer LTE options that are exclusive for our customers. LTE options give our customers fast network

Raydiant customers enjoy a reliable, innovative digital signage system that makes us top-rated by customers.
