What is #XAWW?

The Xebia Academy Webinar Week (XAWW) is the most prominent online knowledge-sharing event in the area of IT and business performance. From strategy and organisation to technology and implementation. This is your ultimate learning week.

Who should attend?

Any professional working with agile organisation or DevOps principles. Whether you are a developer, engineer or architect. Or, product owners, scrum masters, or leaders having to make decisions in the IT landscape. The ones eager to increase their authority.

Why you should attend?

Learn from the gurus, wherever you want. Or archive all the free hours of training webinars in your inbox, and watch whenever you want. We'd love to contribute to your learning journey, so be sure to attend the webinar and get your exclusive learning bonus.
