by meridianlink[®]

Preferred Vendor Partner

AUTOPAY is a lender marketplace specializing in auto refinance and new purchase finance. AUTOPAY partners with lending institutions across the country to offer consumers the most competitive rates and terms available.

Key Benefits for Clients

- Third-party marketing and fulfillment for automobile refinance and other non-dealer auto finance opportunities
- Calculation tool for customer to estimate refinance savings
- Direct application submission to your LoansPQ decisioning rules
- Delivery of completed loan package documents to facilitate direct onboarding to core
- Outsourced fulfillment options to handle your resource/capacity needs

Integration

API-based integration that leverages MeridianLink's proprietary technology to facilitate a complex network of interactions providing mature and highly successful cross system functionality.

Agreement & Fees

MeridianLink requires an addendum for the one-time minimum set-up fee with a low annual maintenance for each component of this integration.

AUTOPAY requires a separate client agreement. Please contact AUTOPAY directly for pricing options. (autopay.com)

Implementation Timeline

AUTOPAY and their dedicated team manage and coordinate all necessary project level details. Timelines vary based on project scope determined by AUTOPAY.

Rapid deployment may be available from this vendor.

For more information about adding access to this vendor to LoansPQ, contact your MeridianLink Partner Success Manager or send your request to salesupport@meridianlink.com.
