## features:

---

- Includes 10 different brushes
- Durable and flexible handles for precise, natural-looking application
- Compact, synthetic bristles feel great, hold their shape, and waste less makeup
- Unique brush design makes blending simple, giving you a flawless complexion
- Brushes are 100% cruelty free

Meet the Vanity Planet **Blend Party**, here to give you that flawless look day in and day out. This unique brush design not only looks fab, it also helps you make the most out of your makeup routine. Its synthetic bristles are tightly packed to create a seamless surface, so you can get your blend and contour on without worrying about nasty streaks. More fibers means less product getting trapped in between bristles and more makeup on that beautiful face of yours. The flexible handles curve to the shape of your face for a more precise, consistent application. To make things even better, this versatile set is excellent for self-application and its durable construction will keep these brushes in tip top shape with lots of use.

## taking care:

---

To keep your Vanity Planet **Blend Party** in optimum condition, do not use abrasive cleaners or chemicals to clean any part of the brushes. Check out the tips below to keep your set lookin' good!

### cleaning your brushes:

1. Rinse the bristles under lukewarm water. Avoid getting the handle very wet if possible. Keep bristles pointed at a downward to let the water and makeup residue drain through.
2. Swirl bristles onto an unscented bar of white soap until nicely lathered. Or, use baby shampoo, putting a small amount into your hand, lathering in the same fashion until sudsy.
3. Rinse the soap or shampoo out of the bristles with lukewarm water.
4. Gently squeeze out any excess water and reshape the bristles to their previous shape.
5. Let the brush sit overnight on a towel to dry. Repeat process every few weeks.

NOTE: If you find that the bristles are thick and firm with makeup residue, try swirling them in a small amount of olive or almond oil, working the oils into the brush fibers. Rinse, and begin the cleaning process above.
