WIREDHIVE POINTS

Need to Know

- Wirehive Points are the central currency of the Partner Programme.
 - They are primarily earned via hosting sales, either referred or resold.
 - They dictate the tier of the programme you're on [and therefore the benefits you're eligible to receive]
 - They are the mechanism for retrieving your rewards
- In material value they convert at a base value of 10 Wirehive Points = £1.
- Like other loyalty schemes you can boost the value of your points by spending them on selected rewards – in this case it's strategic investment items.

Contract type	Referred value	Resold value	Awarded
30 day rolling	15 % one month fee	7.5% one month fee	One off award of points
3 - 12 month	10% TCV	5% TCV	One off award of points
