The Organized Workplace.

Without proper organization, workers waste time sifting through cluttered spaces and searching for items they need in order to complete tasks. With easy access to tools and personal storage, they can fully utilize their workspace, making the most of valuable time.

To accommodate the diverse needs of workers and their spaces, Steelcase® storage solutions come in many shapes and sizes and account for a range of items such as bags, mobile devices and documents.

Effective Solutions. Consistent Design.

Steelcase offers a range of product lines designed to bring a consistent aesthetic to the workplace. With attractive and effective solutions for workspaces ranging from open-plan settings to private offices, organizations choose from a diverse collection of storage products built for the modern workplace.

c:scape

Built to promote trust among coworkers, as well as inspire innovation, c:scape® removes visual and social barriers in the workplace, while providing adaptable storage. Made of six simple components, c:scape can be configured and reconfigured according to workspace needs, giving workers better access to each other, information and technology.

High Density

High Density storage helps workers keep documents and personal belongings organized to support both mobile and resident workflows. The bag drop style offers temporary storage and ease of access while the shelf version provides resident workers room for papers, files and supplies. Everything stays visible and close at hand.
