

Dr. Dish Initial Setup

Rebel

Pro

All-Star

READ BEFORE OPENING

Unboxing the Dr. Dish

1. Remove staples on bottom of box

2. Lift box up and over the Dr. Dish

3. A. Cut plastic ties and remove Shots Made Counter (Pro and All-Star models only)
B. Remove plastic bags, cut remaining plastic ties and remove plastic wrap from net poles.

4. Lift the Dr. Dish up (2 people required!) and move to the edge of the pallet in order to install front casters.

Unboxing the Dr. Dish cont.

5. Install the Casters using a 3/4in wrench (not included) on the underside of the caster and 9/16" wrench (not included) on the nut. Repeat to the other side of the Dr. Dish.

6. When casters are installed and tight, remove the Dr. Dish from the Pallet.
