## Caddy Architectural Designer Hoods

*Tired of the same old unsightly, stainless steel box hanging in your servery or open kitchen? Let Caddy design and build a true showpiece for your front-of-the-house kitchen. Our expert design team will create a unique hood to complement your current or future décor. With thousands of architectural designs, custom finishes, and state-of-the-art lighting we can make your concept a reality. These personalized hoods are great for identifying themed cooking stations as well as showcasing the kitchen itself.*

*Caddy's custom hoods are not just great looking, but are engineered to provide the same dependable functionality as our standard models. Any standard hood can be redesigned as a custom architectural hood and can even include "green design" with a low air volume system, UVC cleaning, and demand control ventilation. All Caddy Architectural hoods are ETL listed.*
