LAKEFRONT DOCK AND DECKING

SUMMIT MARINE

Features

1. 2" x 6" custom double-sided "F" channel. Light-weight and very strong.
2. Extruded Nut Channels assist with Slide-In Bumpers, and other accessories.
3. Ribbed aluminum face looks great, reduces surface scratches.
4. Genovations Decking is strong and lightweight. UV Reflectants in the polymer mix keep it cooler to the touch compared to wood and wood composites or cellular PVC decking products. Great colors and beautiful wood grain. Lifetime warranty.
5. Genovations Decking has a strong tongue and groove design that channels water off the surface.
6. End sections have aluminum plate to finish the look. Intermediate sections have a tongue for a seamless appearance from one section to the next.
7. Strong 2.5" Stanchions are angled for strength in high wave applications. Large foot pads complete the stanchion.

Available Options

Vinyl bumpers, Widths 2, 3, 4, 5, 6, custom sizes upon request, Corner Inserts.

Available Colors

Chestnut Driftwood Sandalwood Weathered Wood Sandstone
