

i³ LED GOGGLES

E.I. Medical Imaging...continuous innovation

The **i3 LED goggles** are small, lightweight and compatible with all IBEX® veterinary ultrasound models as well as with Bantam and Easi Scan 1-4.

They come with versatile mounting options—ratcheted headband, head strap and hat clip.

Also included are detachable glare shields to block sunlight.

Custom designed optics

- LCD displays with LED backlight
- Half the weight of InSite2
- Specially designed eye cups for inside and outdoor viewing
- Adjustable links, universal clip
- GoPro mount
- Standard, extended warranties available
