

# First Tee Children's Golf Program

CONTACT JAKE MILLER FOR MORE INFORMATION  
OR TO SIGN UP AT [JMILLER@PROMONTORYCLUB.COM](mailto:jmiller@promontoryclub.com)

The Golf Staff at Promontory is excited to announce that First Tee will be coming to Promontory in July, 2018!

The First Tee Program is designed to teach life skills and healthy habits through the game of golf. Participants progress through 5 levels on their way to becoming a "PLAYer for Life." Promontory will be hosting a series of 10 clinics, designed for kids ages 7-10 years old (open to ages 7-17).

Clinics will run:  
July 6th - August 5th  
Friday and Sunday afternoons  
5:00 P.M. - 6:30 P.M.

The First Tee is an international youth development organization that uses golf as a vehicle to develop in young people the positive values inherent in the game such as honesty, integrity, sportsmanship, and confidence. The First Tee programs are delivered in traditional settings such as golf courses and driving ranges as well as in school and other youth service organizations. Research has shown that participants are learning and using life skills such as interpersonal skills, self-management, goal-setting, and resilience skills. Perhaps most importantly, many participants are receiving college scholarships and career opportunities because of their involvement with The First Tee.
