

Action Based Learning & Kinesthetic Classroom Training

June 12 - 14, 2017

Oklahoma City, OK

YOU'RE INVITED

Oklahoma ranks as the #1 state for most kinesthetic classrooms and action based learning schools in the nation! What does this mean for you? Besides lots of field trips...this is a very hands-on training by the leaders of the movement! The training is co-hosted by the Schools for Healthy Lifestyles Team, who have led the transformation of districts across the state. This 3 Day Workshop is specifically for those who want to change it up in 2017.
