# PARTS LIST

Rubber Hand Grips

Foot Pedals

Rubber Foot Levers

## INSTRUCTIONS

1. Instruct child to safely step onto the platform foot steps as seen in Picture A.

\*Be sure to use the hand grips for added safety at all times.

2. Slowly begin moving the legs in short strides forward then back, until comfortable with the movements.

PICTURE A.

## INSTRUCTIONS

3. Once the student is comfortable, gradually begin to increase the stride length of each leg as seen in Picture B.

4. Students can alternate between fast lengthy strides and shorter, controlled strides.

PICTURE B.

## INSTRUCTIONS

5. Instruct the student to come to a complete stop before exiting the machine.

6. Using the hand grips, slowly step off of the foot platforms.
