

HALLWAY SETS

Create an Active Learning Environment Schoolwide

ABL Sensory Hallway Sets are one of the most cost effective and efficient ways to impact every child through movement. Action Based Learning in the hallway allows movement strategies to be practiced daily, and reach more students schoolwide. Each set allows plenty of options to get creative and design a fun and active learning environment.

Unlimited Paths. Unlimited Creativity.

Hallway sets are designed to give educators the freedom to create their own paths throughout the school. Keep in mind, not all stickers have to be used in the same area! Stickers can be placed on walls, cabinets, and classroom boards!

100+ PEEL N STICK

1

100+ Commercial grade decals per set designed to withstand high traffic!

FLOORS & WALLS

2

Unlimited arrangements on floors, walls, cabinets, & classroom boards!

CUSTOM PATHS

3

Customize the ABL Sensory path to fit all spaces, and all grade levels!

Each set allows plenty of options for moving through the **12 Foundations** and many more elements to be creative and create a fun learning environment.

Each set includes jumbo stickers up to 11 inches
