AccountMate®
SOFTWARE THAT FITS

Managing Payments for Your Business
Just Got Easier

Accounts payable (AP) and accounts receivable (AR) play essential roles at any business. Is there room to improve efficiency?

Digital and automated payment solutions from REPAY optimize the day-to-day for any AP or AR department, reducing manual effort and time spent managing payments.

Never Give Outbound Payments a Second Thought

Automate and digitize how vendors are paid to increase on-time payments and vendor satisfaction.

Our platform automatically pays them using virtual card or ACH, and posts them to AccountMate to streamline and optimize reconciliation.

- Reduce costs associated with manual processes
- Eliminate paper checks
- Simplify accounting workflows
- Ensure on-time payments
- Easily approve batch payments
- Hassle-free vendor enrollment

REPAY

Realtime Electronic Payments

+ **AccountMate®**
SOFTWARE THAT FITS

Make it Easy
For Customers to Pay

Integrated digital payment solutions enable AR teams to collect payments from business customers faster and more securely.

Convenient payment methods including credit card and ACH

Increase on-time payments while decreasing time spent collecting payments

Lower processing costs through Level 3 and discounted rates for B2B transactions

Reconcile faster using realtime data tracking and reporting

Intelligently Integrated for Better Business

REPAY's proprietary platform integrates with AccountMate[1] eliminating time-consuming file imports or managing software updates. Just a turnkey integration that starts saving you time and effort the moment it's connected.

Inbound, outbound and everything in between - REPAY has your payments covered.
