## Level 3 Rates

Level 3 processing allows you to receive discounted rates on Visa and MasterCard B2B transactions. The average small to mid-sized business **saves \$18,000 per year** by providing the comprehensive level 3 data requirements. APS Payments Acumatica integrations will automatically send the required data for you, to ensure quick payments at lower costs.

## EMV

If you have card-present transactions, you should ask if APS Payments can provide your business with a fully integrated EMV credit card terminal. This will eliminate the need for double entry, lower chargeback risk, and lower transaction fees. Prevent counterfeit chargebacks!

## ClickToPay

APS ClickToPay is a simple and secure way to have invoices paid directly from Acumatica to your customers. You simply send a copy of the invoice via email, your customer opens the email, and selects which payment method they would like to use. ClickToPay allows your customer to create a profile and save their card or bank account information on file for future payments.

## ClickToPay Direct

Introducing the latest advancement in Bank-to-Bank transfers in neatly packaged web check technology. Our exclusive ClickToPay Direct product reduces chargeback replies to 72 hours for B2B transactions while allowing your customers to easily make secure transfers directly through Acumatica.
