EMV

If you have card-present transactions, APS Payments can provide you a fully integrated EMV credit card terminal with your property management system/PMS. This will eliminate the need for double entry, lower chargeback risk, and lower transaction fees.

Chargeback Portal

The standard method of receiving chargebacks through snail mail or fax can be unreliable and slow. Never miss the dates you need to respond by for your chargeback cases with the MerLink Chargeback Portal. Easily view your cases online, receive convenient notifications, and even upload documents to submit a response online within minutes, for only a small assessed fee.

Recurring Payments

Free up time and energy by setting up customers on flexible and customizable recurring payments - including weekly, bi-weekly, and monthly options. APS Payments provides auto dealers with the ability to setup recurring payments at the dealership, or allow customers to setup recurring payments online.

Every Business. Every Payment.
