**GOVERNMENT
PERFORMANCE MANAGER
CERTIFICATION PROGRAM**

PLAN • JUSTIFY • MEASURE • EVALUATE • MANAGE • REPORT • INNOVATE

Achieving career advancement is growing more competitive each day.

In The Performance Institute's Certified Government Performance Manager program, you will acquire the skills and tools needed to make you the lead performance management resource for your organization.

Upon completion of your CGPM certification, you will gain both a professional distinction and academic credit. The Performance Institute's courses has been reviewed and approved as a provider of training by the National Association of State Boards of Accountancy (NASBA).

How the Program Works

The Certified Government Performance Manager program design is simple — take the core courses, three electives, pass the exam for Standard certification, and also complete a Capstone project for Advanced certification. Although the structure is simple, no two people will have the same experience, and each person will receive the individual attention necessary for success.

It's convenient for your schedule – and rewarding.

**> Step 1: Complete Core Courses
(in-class or streaming online)****Strategic Planning for Government**

Planning from the top down
and executing from the bottom up
2-Day Course | 12 Credits
December 10-11, 2018

–and–

Performance Measures for Government

Creating outcomes and
operational measures to drive results
2-Day Course | 12 Credits
December 12-13, 2018

Performance Institute attendees. Group rates may also be
available.

> 3: Top it off with a Capstone Project, and complete the exam

Once your training is complete, the final stage of your certification is to pass the exam to complete your Standard certification and also complete a Capstone project for Advanced certification.

Most candidates pursue the Advanced track and use a real project from their agency – using the time and expert advice to meet real deadlines.

Sample projects have included:

Revising the Strategic Planning Project for the National Credit Union Administration

Development of New Performance Measures for the Chattanooga Housing Authority

Development of an individual's management performance plan

Pricing and budgeting

We understand that budgets are sometimes in flux, so we offer many options to complete your certification.

Performance Institute accepts all major credit cards, and checks up to the day of your first class. SF-182s must be received at least five days prior to your first class.

Complete basic certification package: \$4,495
Includes classes, coursework, exam, and materials
