

Teacher Growth Mindset Survey

Place a check in the column that identifies the extent to which you agree or disagree with the statement.

	Strongly Agree	Agree	Disagree	Strongly Disagree
1. Your intelligence is something you are born with; you are either born intelligent or not.				
2. You can always improve your intelligence. You are not born with a set intelligence.				
3. Anyone can be musically talented.				
4. I do not like trying new things.				
5. I do not like to receive constructive feedback, especially if it's about an area I understand well.				
6. Math is much easier to learn when raised in a culture which values math abilities.				
7. The more effort that you put into something, the better at it you will be.				
8. If you are smart, then you do not need to put in a lot of effort to continue to do well.
