

xapiapps

Technical Overview

The screenshot displays the xapiapps web application interface. The top header is green and contains the text "Viewing as Supervisor Samantha UNIMPERSONATE". The left sidebar is dark grey and contains the xapiapps logo and navigation menu items: Dashboard, My Learning, My Supervisor Tasks (6), Observation Checklists, Coach Checklists, Badges, ORGANIZATION, People, System Tools, and Documentation. The main content area is titled "Tasks" and shows two observation checklist items. The first item is "Surgery Skill Verification" assigned from "Direct Observation" by "Emily Snow" to "Supervisors". It has a "RESUME" button and a status of "Underway". The second item is "Manager Observation (Level 3)" assigned from "Induction 101" by "Nancy" to "Supervisors". It has a "REVIEW" button, a status of "Complete", and a red "NOT SUCCESSFUL" banner. On the right side of the task list, there are "MORE ACTIONS" including "START COACHING", "START OBSERVATION", and "START CONTENT SUPERVISION". The top right corner of the main area shows a notification icon with "29" and a user profile picture.

xapiapps

Hosting Infrastructure

App Engine

xapiapps is built on Google's Cloud Platform. It is in compliance with several respected international standards (ISO 27001, SOC2, SOC3, SSAE 16 & ISAE 3402, HIPAA).

More information here:

<https://cloud.google.com/security/compliance>

Hosting Infrastructure – Google Services Used

Google App Engine-
Google Cloud Storage
Google Firebase
Google Big Query

Other Services

Email: Send Grid
Displaying Emended content: Embed.ly

xapiapps Security

xapiapps uses SSL/TLS for all communications. xapiapps uses best practices for handling identity information. In particular, passwords are hashed using PBKDF2.

xapiapps Backups

Our data is backed up regularly. In addition, we use Google's High Replication Datastore (based on their internal Megastore technology) which makes our data location independent, resilient to problems in particular geographical areas and datacentres.

The screenshot shows a user interface for a learning management system. At the top, there are navigation tabs for 'Learning', 'Skills', and 'Profile'. On the right side of the header, there is a notification icon with the number '6' and a profile icon labeled 'DP'. The main content area displays a list of training modules, each with a colored icon, a title, and a 'Locked' status indicator.
