

Why vcpi + Office 365

The end-to-end support you need, from the technology leader dedicated to LTPAC. We specialize in addressing the unique IT challenges of the LTPAC market to better enable you to provide quality care to your residents. Your success is our top priority.

Fully managed migration

Speed up access to Office 365 with our expertise in implementation, migration, and training. Our team is always up to date on best practices and

Active user management

Automate employee access management with vcpi's user provisioning system. Application, network and file access is set up and managed by vcpi letting you focus on delivering exceptional care.

Ongoing management and support

Secure devices, protect against security threats and get support when you need it with vcpi's email hygiene and policy-based encryption, 24x7 service desk support for all issues, mobile device management, endpoint security suite, Office 365 backup, and endpoint backup.

Benefit from a secure office in the cloud

License per user

Simplify licensing while providing each user access on up to 5 devices*, including PCs, Macs, and mobile devices. Save money when compared to traditional per-device licensing.

Reduce costs

Office 365 is available as a simple monthly subscription. Avoid large up-front costs for new software and transition from a capital to an operating expense.

Always up to date

Because Office 365 is in the cloud all software updates are automatically handled by Microsoft.

Scale your business quickly

Office 365 grows with you—adding a new user is as simple as purchasing an additional license.

Contact vcpi today to find out how we make Office 365 easy...
